

Lent and Easter 2020

Thank you.

This is the first edition of our termly news letter. I hope that this will be useful to you in your work with children and young people.

I wanted to start with saying Thank You! I hope that you are able to occasionally catch a glimpse of God's hand working through you and the ministry you are involved in.

So, Thank You. Thank You on behalf of your churches, your children and young people, your Diocese and me. Thank you for your determination, your passion and your commitment. I pray that you may know that you play a significant part in sharing the love and hope of Jesus with children and young people.
